

Why should you choose Intermountain Health's Hospice?

Our interdisciplinary team customizes a personalized care plan for each patient, guaranteeing the consistent delivery of high-quality care.

Timing matters. Starting hospice service early offers months of quality time with loved ones, easing stress in a stable, comforting environment.

Our comprehensive hospice services are designed to address a range of needs, including:

- › Pain and symptom management
- › Equipment and medication needed (*as outlined in hospice guidelines*)
- › Social, emotional, and spiritual support

- › Social workers and chaplains with reach to resources within the community if needed (*Meals on Wheels, State of Utah Aging Services, etc.*)
- › Interdisciplinary team support
- › Caregiver respite
- › Volunteer support
- › Bereavement support
 - Pediatric grief support
 - Veterans support program

Quality is at the heart of what we do. We bring 40+ years of experience to every patient we serve and are accredited by the Joint Commission.

**4.5+ star
rating from
SHP**

SHP is the national performance analytics database of clinical performance metrics.

9.7

**CAHPS Hospice Care
Index Score** while the Utah average score is 9.1, and the national average score is 8.8

85%

A robust 85%+ of our patient families would recommend our service to others (*Press Ganey Patient Satisfaction Survey*).
